MEMORANDUM FOR: Chief, Contracts Branch, DPD
SUBJECT: Disclosure of Invention under Contract No. BB-300,
ITEK Corporation
REFERENCE: Your Memo No. DPD-2329-60, dated 24 March 1960.

It is not believed at this time that the Enhancement Viewer is a patentable item nor is it desirable that the Government should file on its behalf for a patent on this equipment. There was no significant contribution by the people at PIC to this effort which would substantiate the Government's position in a patent claim for this instrumentation.
